

TECHNOLOGYTRANSFER

PRESENTS

**NSF I-Corps at WVU:
Learn How to Accelerate Your Product to Market**

GUEST SPEAKER

Randy Quinn

Associate Director, Innovation and Research Commercialization

APRIL 7th 12:00-1:00PM

Zoom Video Meeting

The National Science Foundation Innovation Corps (NSF I-Corps) helps participants accelerate their cutting-edge technologies and products into the market by applying new business skills and testing business models about real-world customers to ensure a strong market demand prior to commercialization.

A Zoom Invitation Link will be provided to those who RSVP, so please RSVP! We look forward to virtually seeing you there!
